

2025 Annual Report

Building Ute Pass Community, a 501 (c)(3) nonprofit, was established in 2023 to sustain historic traditions in the Ute Pass area. Our focus is on strengthening community relationships, honoring our shared heritage, and creating spaces where all can come together with pride and belonging.

This year BUPC has served as a community gathering point for learning, celebration, and mutual support. This report highlights our accomplishments, impact and direction for the coming year ahead.
